

MicroVision to Participate in the Northland Capital Markets' Artificial Intelligence Virtual Investor Call Series on Sept. 17, 2018

REDMOND, Wash. September 13, 2018 – MicroVision, Inc. (NASDAQ: MVIS), a leader in innovative ultra-miniature projection display and sensing technology, today announced that it will participate in Northland Capital Markets' Artificial Intelligence Virtual Investor Call Series. [Perry Mulligan](#), MicroVision's Chief Executive Officer and [Sumit Sharma](#), the company's Chief Operating Officer, will join Michael J. Latimore, Managing Director and Senior Research Analyst at Northland Capital Markets in a Q&A session on Monday, September 17, at 2:00 p.m. Eastern time. Interested parties should contact a Northland Capital Markets' sales representative for further details.

A webcast replay of MicroVision's Q&A discussion on Artificial Intelligence and its use in smart speakers, home security systems, augmented reality, and automotive LiDAR markets will be available on the Investors section of MicroVision's website at www.MicroVision.com shortly after the event's conclusion.

Northland Capital Markets is the trade name for certain capital markets and investment banking services of Northland Securities, Inc. Member FINRA/SIPC and registered with the SEC and MSRB.

About MicroVision

MicroVision is the creator of PicoP® scanning technology, an ultra-miniature laser projection and sensing solution for mobile consumer electronics, automotive head-up displays and other applications. MicroVision's patented technology is a single platform that can enable projected displays, image capture and interaction for a wide array of future-ready products in this rapidly evolving, always-on world. Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.

Forward-Looking Statements

Certain statements contained in this release, including those relating to future product and product applications are forward-looking statements that involve risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP display technology may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our customers failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
